

# Warmly welcome to Jyväskylä and JAMK

## The 1st ProCESS project's Winter School at JAMK in Jyväskylä in January 2022

The first ProCESS project's Winter School will be held from Jan 24 to Jan 27, 2022 and will be attended by all 16 four student teams, Academic Coaches, and Company Coaches of four business challenges and Project Managers of universities and companies from all four project's partner countries, totally about 90 participants. Because of the COVID-19 pandemic, this event will be organized in hybrid.

At the Winter School, student teams present their final reports which are evaluated by Academic Coaches. That is the end of the ProCESS project first round. In the Winter School program, there are also welcome speeches of directors of JAMK's School of Business and School of Technology, presentation of Mediatalo Keski-suomalainen, interviews of students, Academic and Company Coaches, "Complexity Sonaatti" webinar, and free-time activities.

A winter school is an international and rewarding way to provide valuable experience and information to all participants.

Co-funded by the  
Erasmus+ Programme  
of the European Union

## COVID-19 safety measures

To ensure the safety of the participants, we are following guidelines of the World Health Organization (WHO) and applicable Finnish Government guidelines. All the attendees are **required to wear well-fitting masks and safety distances inside the conference venue**. In Finland restaurants and bars have to be closed at the latest at 18 and they will require the EU COVID Certificate. Remember to check the health requirements for travel to Finland concerning COVID-19.

## Jyväskylä

The Jyväskylä Region is located in the middle of the most beautiful Lakeland Finland. Jyväskylä is a dynamic and lively city, which is specialized in Human Technology. The city of Jyväskylä is the seventh-largest city in Finland with 143.000 residents and it is located in Central Finland. It is famous for its achievements in science and technology, its high-quality cultural activities, and beautiful natural environment. Jyväskylä is also a youthful city with almost 40.000 students.
